DR. KUTCHIN

EX U. S. EXAMINING SURGEON

Specialist for the Treatment and Cure of all Long-Standing and Difficult Chronic Diseases and Diseases of the Blood and Nervous System.

Will meet his patients in this county every month for the next year, and examine

all afflicted free. Office, Columbus, Ohlo. Dr. Kutchin has been visiting this County every four weeks for fitteen years.

This well known specialist in the treatment and cure of difficult chronic diseases will give all the afflicted an opportunity to consult him free of charge and secure the latest and best treatment for such diseases as the regular family physician is not prepared to treat.

By seeing the Doctor the expense and trouble of visiting the city and going to a Hospital may be aveided.

CHRONIC DISEASES

The Doctor treats no acute diseases, but makes a specialty of chronic and long standing diseases. Cases given up by other Doctors and pronounced incurable he most desires to see. He has treated successfully many cases in Ohio in the last lifteen years that had been given up as incurable.

The Doctor is surrounded with a fine collection of instruments for examining and treating all chronic diseases of the Head, Face, Eye, Ear, Throat, Heart, Lungs, Stomach, Liver, Kidneys, Bladder, Skin, Brain and Nervous System, Cancers, Tumors, Piles, Swellings, Oid Sores, Pits, Paralysis, Neuralgia, Rheumatism, Dropsy, Gout, Sick Headache, Debility, Depression of Spirits, Diseases of Children, Hereditary Diseases, etc., and, in fact, all long standing and chronic diseases. All surgical operations performed.

He adopted the following plan, which is peculiar to large hospitals, viz; he carefully notes the symptoms of the patient and ascertains the condition of the internal organs, all of which he carefully records in his register for future reference. In this way he ascertains the true nature of the disease and its cause. When sick people consult him, he readily tells them whether he can cure or help them, or whether they are beyond hope.

HIS IMPROVED METHODS OF TREATMENT

Are mild and pleasant, agree perfectly with the most delicate Lady or Child, do not reduce strength; can be used while at work and give the greatest possible benefit in the shortest possible time. Patients can consult him or communicate with him as often as they choose, during the whole time required for the treatment without extra charge, thus rendering the treatment as successful and satisfactory as though they were living next door.

DISEASES OF WOMEN.

Such as have baffled the skill of other physicians and remedies. Dr. Kutchin quickly cures Cancers, Tumors, Fibroid and Polypoid Growths, cured without the use of the knife. No cutting, no pain, no danger.

A LIFE OF EXPERIENCE

The Doctor has had a whole life of study and experience in his profession and enjoys advantages which fall to the lot of but few. After attending his full courses in the Medical Colleges, and graduating with the highest honors, he was not content to stop there, but has since attended other Colleges, and several times reviewed the whole profession; has also traveled extensively for the purpose of improvement, having visited the best Medical Colleges, Hospitals, Dispensaries, Eye, Ear, Lung and other Medical and Surgical Institutions of Europe, improving every advantage within his command, and devoting the best years of his life to become thoroughly familiar with his profession in all its branches.

There are many diseases which physicians in common practice do not usually treat, such cases are the Doctor's specialties. Are You Afflicted? Your case may now be perfectly curable, but remember, every moment of neglect brings you nearer its incurable stages, when, perhaps, the most skillful physician can render you no assistance. The present is ours, the future may be Too Late.

Free Examination of the Urine.—Each person applying for meditreatment should send or bring 2 to 4 ounces of urine, which will receive a care-45 Cases and correspondence confidential. Treatment sent C.O.D. to any part of the United States. Correspondence with invalids solicited. All letters with stamps enclosed answered free. Call and be examined and at least learn the cause of your disease, and if it can be cured. Tape Worms removed in from three to five hours without starvation. The remedies for the whole course of treatment are furnished from the Office all at once or by the month.

HARMON STEALING CREDIT.

As a notable achievement of his administration, Governor Harmon points to the enactment of the 15 bers of the last legislature, particulary those concerned with the consideration of the tax levy bill in committee, recall the fact that Governor Harmon opposed the ball as passed

Democratic members of the last

legislature also recall that they were unable to get from Governor Harmon any expression of opinion on the bill or advice as to how it should be drafted. At the time that the bill was enacted into law it was known not only to the legislators but to the newspaper readers of the state, that Governor Harmon was opposed to it. far as to personally urge Governor Harmon not to veto the enactment. Harmon Popular in Wall Street. The "barrel" is already on tap at Harmon's state headquarters. Never in the history of Ohio Democrats has so much money been available for campaign purposes, John P. Morgan and other Wall street friends of Governor Harmon are settling now for what Ohio's chief executive has already done for them; and they are pulling hard for their favorite because they feel that they will need a safe "corporation" man at the helm to strangle the people in their demand for corporation regulation. HARMON PICTURE HISSED. Warden Jones of the Columbus penitentiary denies the prisoners the usual Sunday picture shows because they hissed a reproduction of Harmon's face thrown on the screen. Of course, the warden resorted to mighty small politics when he sought to boost Harmon in this manner. And what was to be gained? Did the Democratic administration hope The people will see to it that he is to make votes in the big pen?
